Great Riot Now Going on in Chicago.

Latest Bulletins - Milwaukee's Troubles - Wild Mobs.

Chicago Riots.

CHICAGO, May 4, 2:50 p. m.—A great riot is now in progress near the corner of Morgan and Eighteenth streets. Crowds of striking lumbermen and their adherents made an assault on a body of police in that vicinity. The police charged the crowd repeatedly and were stoned and fired at by the rioters. In the encounter Detective Michael Granger was seriously and probably fatally injured by a flying stone. Officer John Strong was shot through the hand.

A number of rioters are reported shot. Casualties not yet known. Great alarm exists in the southwestern portion of the city.

FURTHER PARTICULARS.

CHICAGO, May 4, 3:15 p. m.—The southwestern portion of the city was this afternoon the scene of another riot. Toward noon a crowd of anarchists and friends assembled at the corner of Eighteenth and Morgan streets for the purpose of holding a meeting. They also said they intended an attack on the McCormick reaper works. The police, who had been notified of the affair, kept close watch upon the proceedings. Hostilities commenced at 2:30; just in what manner cannot be learned. A number of detectives in citizen's clothes, mixed with the crowd, numbered at this hour nearly a thousand persons. Detective Granger attempted to arrest one disorderly man, and was set upon by a howling mob. Before he could escape he was struck in the forehead by a brick, knocked senseless and badly injured. Revolvers were drawn and indiscriminate shooting began, during which Officer John Strong was shot in the hand. A large number of rioters were also injured. The police charged the crowd and made seven arrests, capturing the man who threw the brick at Granger. At this hour the entire southwestern district of the city is wild with excitement and alarm. Details of police are constantly arriving at the scene.

THE LATEST.

CHICAGO, May 4, 3:45 p. m.—The police have succeeded in dispersing the large crowd in the lumber district and order is in a measure restored. The police force has been thoroughly organized and largely reinforced to prevent any new outbreaks.

Fight With Indians.

NOGALES, Ariz., May 4.—Lieutenant Clark, of Captain Lebo's troop K, Tenth cavalry, reached here at daylight this morning with dispatches from the front. Lebo had a hot engagement with the hostiles yesterday afternoon in the Pinoye mountains, losing one man and one wounded. Three Apaches were killed. Being unable to dislodge the hostiles from their stronghold Lebo withdrew his troops. Troop L, Tenth, and troop B, Fourth cavalry, left here at 10 o'clock this morning for Pinoye to aid Lebo in his second attack which it is proposed to make on the Apaches.

Breaking From Jail.

WINFIELD, Kan., May 4.—The prisoners confined in the Cowley county jail made a desperate attempt to escape last night. Deputy Sheriff Herrod had opened the jail door to lock the prisoners in their cells, when they made a dash at him, armed with stove legs and lumps of coal. A blow on the head knocked Herrod down. One of the guards fired at the crowd and instantly killed W. P. Bennett, in jail for counterfeiting. The guard received several blows on the head, which rendered him insensible, and four prisoners succeeded in making their escape.

Iron's Opinion.

ST. LOUIS, May 4.—Martin Irons, by whom the Gould system strike was ordered, when asked what effect he anticipated the method engine trouble would have upon the Knights of Labor, said: "We were fighting for recognition and we got it from congress, which represents all citizens of the United States. Is not that complete enough recognition? Our order will grow after this even more rapidly than it has during the past few weeks when applications have been so numerous for charters that we could scarcely find time to consider them."

Stealing the Soldiers.

MILWAUKEE, May 5.—Four militia companies are now stationed at Bayview and are restoring quiet there. Upon the appearance of the soldiers they were stationed by the mob and several men were slightly injured. Captain Borchardt, of the Kosciuszko guards, was struck with a brick, whereupon he ordered his men to fire one round into the air. The end is not yet.

Raiders from Mexico.

GALVESTON, Tex., May 4.—Governor Ireland yesterday received a dispatch stating that a band of Mexican soldiers had crossed into Texas on the first instant, twenty miles below El Paso, and drove back into Mexico 275 head of cattle belonging to the ranch of J. C. McComb, Freideno county, Texas.

Western Wool Growers in Convention.

SALT LAKE, May 3.—A convention of the wool growers of Utah, Idaho, Wyoming and western Colorado was held here today. A memorial to congress and strong resolutions were adopted protesting against wool being put on the free list.

## SPORTING.

Opening of the Memphis Running Meeting—Base Ball, Etc.

MEMPHIS, Tenn., May 3.—The weather was very warm, track fast, and attendance good.

The first race was a three-quarter mile running race, and was won by Pearl Jennings, 1st; Pink Cottage, 2d; Forester, 3d; time 1:17.  
The second race was a one and one-eighth mile dash. Nacos, 1st; Porter Ashie, 2d; M. Vezuma, 3d; time 1:58.  
The third race was a half mile dash, and was won by Jennie T. 1st; M. Hood, 2d; Forester, 3d; time 0:49.  
The fourth race, one and one-eighth miles, was won by Modesty; Long View, 2d; Yeoman, 3d; time 1:59.  
The fifth race was a steeple chase, and was won by Aesoli; Puritan, 2d; Aurelian, 3d; time 5:06.

A Wrestling Bout in Denver.

DENVER, May 3.—One of the finest and most stubbornly contested Graeco-Roman wrestling matches ever witnessed in Denver, took place at the Palace theatre tonight, between the Frenchman, Antoine Pierre, and Greek George, for a purse of \$750. Two best falls in three. About 1,000 people were present, and time was called at 12:30. The first fall was won by the Frenchman in twenty nine minutes, who also won the second in twelve minutes. The men are considered among the finest wrestlers in the country, and were in fine condition. Another match has been made for Thursday night for a purse of \$500.

Eight Hours in St. Louis.

ST. LOUIS, May 3.—Eight hour agitation still continues in this city but strikes and lockouts are fewer in number than was anticipated. Moulders to the number of 300 struck to day in the foundries of Christopher & Simpson, Schreper & Koker, Pallas Bros. and the McCormick Judge company. The demands were for eight hours pay by the day instead of by the piece.

Five hundred employees of the Southern bagging company demanded fewer hours and more pay and are on a strike. A speedy settlement is probable.

Eighty-five wrappers in the employ of Leggett & Myers, tobacco manufacturers, who struck Saturday for piece work instead of pay by the day, returned to their places today their demands having been granted. Twenty-five stemmers working for the same firm also struck; their demand are similar to those of the wrappers, but were not accepted.

A committee from the Brewers' union today called upon various brewers of the city and demanded the adoption of the eight hour system. The brewers requested that no decisive action be taken by the members of the union until after a meeting of the Brewers' association, which will be held Wednesday, when they promise to consider the demands, and formulate their reply as soon as possible. The brewers of this city should be well satisfied with their wages as they are paid five per cent. more per month than those in Milwaukee, and an amicable adjustment will probably be arrived at soon.

More Trouble at the McCormick Works.

CHICAGO, May 4.—The McCormick reaper works opened as usual this morning, fully one-half the workmen returning despite the intimidation and bloodshed of yesterday afternoon. A special force of police on duty to protect the men on their way to work. Several crowds were early reported as gathering in the lumber districts. From whence the mob of yesterday proceeded. Strong detail on duty at the central station same as yesterday, and the entire force held in reserve for any sudden call. An attempt was made to hold a mass meeting on the prairie where the incendiary speeches of yesterday were made, but the police dispersed the crowd. The switchmen are still at work, and the railroads are doing business as usual.

All Going to Work.

ST. LOUIS, May 4.—In addition to the circular issued last night by the general executive board of the Knights, ordering members of district assemblies 17, 93, and 101 to apply to railroad companies for the positions vacated by them when the strike was commenced; an order was sent to the master workman of each local assembly informing them that the strike has been declared off and ordering them to notify all their men to make application for work today. This order applies to the Knights in East St. Louis. This morning at 7 o'clock large numbers of men applied for positions at the headquarters of the various companies and many names were immediately placed on the pay rolls.

May 11. A Laboring Man's Holiday.

SAN FRANCISCO, Cal., May 3.—Governor Stoneman of this state has decided to declare May 11, a legal holiday on the petition of the federation of trades union, who held a grand labor parade that day in San Francisco.

Eight Hours Pay for Eight Hours Work.

SAN FRANCISCO, Cal., May 4.—The eight hour system with eight hours pay went into effect here today in a number of furniture factories and cigar shops. No trouble occurred.

A Favorable Indication.

ST. LOUIS, May 3.—After several months of idleness the Vulcan iron works, at Carondelet, resumed operations this morning giving employment to about 600 men.

## THE GREAT STRIKE

Ended by Order To-Day—How the Result Was Attained.

ST. LOUIS, May 3.—Late Saturday night, Messrs. Hayes, Bailey and Barry, of the executive board of the Knights of Labor, met the congressional labor investigation committee informally and the meeting led to the happy result of the Knights declaring the Missouri Pacific strike off, and explaining the cause of their action in the following correspondence:

To the General Executive Board, Knights of Labor:

ST. LOUIS, May 3.—Testimony taken today by the congressional investigating committee shows conclusively that very serious losses to the commercial, agricultural and other interests of the entire country have resulted from the trouble on the various lines of railroads beginning with the southwestern system of railroads in the states of Illinois, Missouri, Kan. as, Arkansas, Texas and that by reason of it countless a large number of persons not directly connected therewith, have been thrown out of employment. Unwilling at the present time to express our opinions in regard to the causes which produced this lamentable condition of affairs, or to indicate where the blame lies for its continuance, and animated solely by a desire to render all the assistance in our power in endeavoring to restore peace, individual happiness and commercial prosperity to the citizens of the country, and particularly to the five states named, we do hereby respectfully but earnestly request you, as American citizens, having the welfare of our common country at heart, to advise through the proper official channels the discontinuance of the strike upon the railroads before mentioned and to leave the question whether the employees or the officers of the corporations were justifiable, to the decision that public opinion may form, when the congressional committee which has that matter under investigation shall have completed their work. Feeling assured that compliance with this request will meet, for your board and for those who may act in conformity with your counsel, the approval of the people of the United States.

Signed: THE COMMITTEE.

How It Happened.

The congressional committee, after having heard the testimony of prominent business men in St. Louis, on Saturday endeavored if possible to have the Knights of Labor to declare the strike off in the interest of peace and that prosperity to the country be restored, and at an informal meeting held on Saturday night the matter was brought before the committee to the executive board. A letter addressed to the board was then drawn up and signed by all members of the committee, except Mr. Burns, who had gone to his home at St. Joseph. Of course his signature could not be offered, although he was in favor of this course. The letter was left with Mr. Curtis, chairman of the committee, to deliver to Mr. Hayes, chairman pro tem of the executive board, and arrangements were finally concluded Sunday night at an extended conference between Mr. Curtis, on the part of the congressional committee, and Messrs. Hayes, Bailey and Barry, of the Knights of Labor.

Mr. Curtis said the result was due to the untiring efforts of the executive board of the Knights of Labor. After having been approached by the investigation committee they at once used every effort to have the strike terminated for the sake of peace and the interests of all people, and especially the business interests of St. Louis.

After receiving of the congressional committee's letter by the board, a joint conference was held, composed of members of the

GENERAL EXECUTIVE BOARD and executive boards of district assemblies 17, 93 and 101, which resulted in the adoption of a resolution contained in the reply to the congressional committee, and also the following resolutions to the citizens' committee of St. Louis:

To Thomas O'Reilly, chairman, and Thomas Morris, secretary: Gentlemen: Your communication of April 25th was placed before the joint executive boards with the following result: That we accept your proposition and leave the matter in the hands of the general executive board to fix a date for compliance with the same. The citizens which you have been so kind to request desire the approval of the whole community for the efforts made to amicably adjust and settle the difficulty existing upon the southwestern system of roads, in behalf of local and interstate commerce and for the restoration of peace and harmony between labor and capital. We have selected Tuesday, May 4th, 1886, as the time when the strike shall be declared at an end. Very truly yours,  
JOHN W. HAYES, General Executive.

A Horrible Murder and Suicide.

DETROIT, May 3.—A special to the Evening Journal from Tekosha, Mich., says that a horrible crime was committed a half mile east of there this morning. R. Shedd, a wealthy pioneer, of this section, killed his wife at 7 o'clock this morning by beheading her with an axe while she was dressing. He then evidently went to the kitchen and cut his own throat. When discovered, Mrs. Shedd was lying in one corner of her bedroom, with only part of her clothing on. Mr. Shedd was lying in the kitchen near the stove in a pool of blood. Shedd was 33 years of age and one of the earliest settlers in this section. The cause of the tragedy is said to have been domestic trouble.

Result of the Law's Delays.

NEBRASKA CITY, Neb., May 3.—A well organized gang of vigilantes met at a farm house south of this city and resolved to force the jail and lynch Shellenberger between 2 and 4 o'clock tomorrow morning. One of the party gave the game away to the sheriff who hurriedly had the prisoners taken into the state penitentiary. The evidence goes to show that Shellenberger was implicated in the murder of Thomas Leonard who was killed May 18, 1884. Leonard's watch is said to have been found in Shellenberger's house. Shellenberger is also suspected of several other murders.

Nitro-Glycerine Explosion.

PINOLE, Cal., May 3.—The nitro glycerine house of the California powder works, located a short distance from here, was blown to atoms this afternoon by the explosion of 1,300 pounds of nitro-glycerine which it contained. Three Chinese, and Andrew Anderson (white) were killed. The accident is believed to have been caused by one of the Chinamen while engaged in an altercation with one of his countrymen, dropping a bucket full of nitro-glycerine, which exploded from concussion.

## RIOTOUS STRIKERS

In Chicago Have Fatal Encounters With the Police.

CHICAGO, May 3.—Shortly after 3 o'clock, a crowd of socialists and others who had worked themselves into a frenzy of excitement, started yelling towards the McCormick reaper works, half a mile distant. The police were immediately telephoned for and soon arrived, and drawing revolvers fired indiscriminately into the crowd which scattered in all directions. Five of the rioters were wounded, and carried from the scene; no one is reported killed. The entire reserve force of the city police has been called out to preserve order in the vicinity of the troubles. The scene at the McCormick works was riotous in the extreme. By 4:30 at least 150 policemen had arrived on the ground and were still coming in patrol wagons. By this time the windows of the factory had been

RIDDLED WITH STONES AND BULLETS.

Two of the patrol wagons while on the way to the scene stopped to disperse a noisy and demonstrative crowd at the corner of Blue Island avenue and Lincoln street. The mob attacked them with stones, but the officers jumped from the wagon and by a vigorous use of their clubs soon sent the rioters flying in all directions. They then turned and began driving noisy crowds out of the numerous saloons in that neighborhood, using their clubs indiscriminately.

Inside the fence of the McCormick works Officer Rafferty had a narrow escape. A rioter who had got inside came up behind him and was pointing a pistol at his head, not two feet away, when Lieutenant Shepherd

STRUCK HIM TO THE EARTH

with his club, shivering it to pieces with the vigor of the blow. At 5 o'clock the police were forming a hollow square inside of which they intended to

ESCORT THE MEN

at work at McCormick's beyond the mob's reach. Soon afterward the police escorted McCormick's men up beyond Twenty-second street without trouble, except from an occasional stone hurled from a safe hiding place. Four men were found wounded with bullets and they were taken away in the patrol wagon. One was shot through the hip and one through the leg. There were many badly damaged heads.

No Trouble Anticipated at Denver.

DENVER, May 3.—Laboring men took no action in the eight hour movement today. All men employed at found houses, foundries, smelters, planing mills, as well as carpenters and masons went to work this morning and worked ten hours as usual. No demand has been made for reduction of hours except in a few cases, and no strike or lockout is anticipated. Mill men do not favor the movement and will refuse to accede to a demand providing a combined one is made. A general desire prevails to avoid trouble and unless matters assume some new phase within two or three days, nothing will transpire and the movement will die out.
